

Win a brighter smile at village dentistry

Teeth whitening prize up for grabs

HOW do you fancy winning a gleaming white smile, courtesy of Neel Dentistry and the *WHT*?

Neel Dentistry is a state-of-the-art, modern practice in the heart of Welwyn village.

Neel Jaiswal and his team have work hard to offer their

patients pain free, long lasting dentistry with a friendly, comfortable atmosphere.

He said: "We want to understand you as an individual – and create the best solution that's right for you."

The practice offers general dentistry as well as cosmetic functional dentistry such as teeth whitening and dental implants to replace missing teeth.

It uses the 'dental wand' which offers pain free injections, which patients love.

Neel said: "Teeth whitening is extremely popular at the moment as it gives you a massive improvement really quickly without damaging any teeth.

"We use a unique approach with quality materials to ensure great results."

To find out more about its whitening system, visit Neel Dentistry at 43 High Street, Welwyn, on November 17 from 7pm.
