Welwyn
Herts. AL6 9BP

Dear Brian,

Having used your Crystal Mark air abrasion units on a daily basis for the last 5 years, I wanted to confirm how happy I am with the equipment.

Not all new technologies are cost effective but Crystal Mark certainly is. Reduced requirements for injections and the lack of noise help make it a practice builder.

The one concern I had initially was the possibility of dust in the surgery but this has not proved to be any problem to me at all.

Yours sincerely

Steven Davies B.D.S.(Wales)
Practice Principal
